

# The Debaters Association of Victoria Echuca Regional Debating Competition

Since 2005, the DAV has run regional programs around Victoria to encourage students in rural areas to become involved in debating. Our regional programs are open to any student in years 7 to 10, regardless of their debating experience. This year the Echuca program will include a training session for beginning debaters followed by a day of debates for students in years 7-10.

## Training Day

The training day (an optional component open to all year levels but targeted at students with limited debating experience) will be held on Friday 16 August at Moama Anglican Grammar. This session will cover the basics of debating, methods of preparation, how to formulate an argument and develop a case. The training day provides students with an opportunity to build debating skills and confidence prior to the competition day. This is also a chance for students to ask questions of DAV trainers and adjudicators and to benefit from their extensive experience. Schools that are unable to attend the training day will receive a debating and resource guide to assist students to prepare for the competition day.

## Debating Competition

The debating competition is divided into two divisions: years 7/8 and years 9/10. Debates will be held on Friday 30 August at Moama Anglican Grammar from 9.30 am until 3.00pm. Each division has three debates, including one secret topic debate. All debates are viewed by experienced adjudicators who will offer students in-depth and constructive feedback.

## Why Debate?

Participating in debating is a great way for students to build their public speaking skills, develop critical thinking and to work closely with other schools in the region. The Echuca Regional Debating Competition is a rare opportunity for students to gain feedback from experienced adjudicators and to participate in a structured and welcoming interschool program.
